

ABENA®

Wet Wash Gloves

Abena's disposable wet wash glove are aimed to provide a pleasant cleansing and moisturizing effect as an alternative to traditional water and soap bath. The gloves remove perspiration and bad odors.

The glove is dermatologically tested and free of perfume, preservatives, phenoxyethanol, alcohol, parabens and allergens to avoid allergic reactions, dry skin or other adverse effects.

Abena wet wash gloves are made from a special gentle woven texture that reduce the risk of infections and soft to the touch and the skin.
